Rating: 50 Kajillion gold stars

Percentage of Work: 70%

Details: The wireframe provided by my partner was outstanding. I was able to create my end of the App easier because of the wireframe. I knew exactly what direction to approach the app, even if we had to switch components. i loved the design and how it would all work together. Miley is smart , savvy and always comes up with evolving ideas. 😊😊. A1 partner for anyone. I was lucky to have her on this project 😊
